ELMC Grant

Dear Chad

Thank you to the ELMC for the very generous donation of £1,000 to Annabelle's Challenge.

It was a pleasure to meet with Bury District Charity Steward, Steve Clark, to talk about the work we do and Annabelle was delighted to accept the cheque on behalf of the charity.

This grant will be going directly towards a planned Retreat Weekend for patients and families affected by vascular Ehlers-Danlos syndrome (vascular EDS), a rare life-threatening genetic condition.

The weekend event to be held in September 2018 will enable approximately 30 families (110 individuals) to come together in one location to provide much needed support including sharing experiences on living with this rare disease, we are also providing talks & updates on vascular EDS through our medical advisory team.

I have enclosed a photo of the cheque presentation and receipt for the donation, post event we will forward photo's taken during the weekend. We would also be delighted to welcome Steve to the event during the weekend to witness first-hand the positive impact that this donation will have on our families thanks to the Bury Freemasons.

Yours sincerely

Jared Griffin
Founder & CEO
