

Dear Karen,

On behalf of the Tameside Pulmonary Fibrosis Support Group may I thank you for the very generous cheque received.

Mark Reader & John Cavanagh presented the cheque at our last group meeting. The interest they showed and the time spent with us was very appreciated.

The grant will be used to ensure that we are now able to continue in a comfortable, easily accessible and suitable environment for our members, who are increasing in numbers.

Please convey our appreciation and thanks to members of the Grant Making Committee.

I would also like to personally thank both yourself and Nigel Johnson for all your hard work in providing our group with the essential funding required for our ongoing success.

Best wishes and kind regards

Sue Turner.
