Dear Chris

You may not realise it, but you've left a trail of magic behind you

– and it's been making a huge difference. Thanks to your generous donation of £5000.00 in funding for a Cuddle cot and blanket for at Graces place, we've been able to help make life easier for children with life-shortening conditions in our area, and the families who love and look after them. So on their behalf, I just want to say a very heartfelt 'thank you'. We simply couldn't do it without you.

At the heart of who we are is something we call **the magic of 'yes'**. We say yes to children and families who've heard 'no' far too many times: no, you can't do this; no, you can't do that. By providing the care, therapy and support that children and families so desperately need, we weave a little magic into their lives. The kind of magic that lights up faces with a smile, creates beautiful memories, and gives families precious time together.

Because we do things so differently, we're very much in demand. That's why we want to grow: **did you know that we can currently support only 15% of the children in our area who need us?** We need to raise £4 million a year just to stay still, let alone grow, and only 4% comes from the government. So we'd love it if you stayed in touch, and if you could perhaps help us again from time to time.

I'd like to encourage you to keep an eye on what we are doing. Do use our website to sign up to our newsletter, or follow us on Facebook or Twitter. I promise that the stories you see will warm your heart.
