Dear Freemasons of East Lancashire

We would like to send our heartfelt thanks to you for choosing to support Jolly Josh.

Your generous donation of £3,498.00 and the matched funding from the MCF will be used to purchase the Magic Carpet Interactive Projection System for our sensory Magic Memories package and will leave a lasting impact to our families lives. Your support enables us to support our families to #ConnectSupportThrive and #InspireInclusion. It also comes at a very important time for us, as our charity is expanding and as you are aware we are in the process of developing a much-needed, purpose-built venue for our families.

As soon as we are ready to open and have purchased the equipment, we will be in touch with you to arrange for you to come and see the valuable work we do in our community. We can then take pictures and arrange for publicity photographs.

For more information about Jolly Josh and further details as to how your funds will help the charity, please visit our website www.jollyjosh.co.uk and social media pages.

Thank you once again for your support.

Team Jolly Josh
