

Dear WBro Northcott

In June 2021 The Greater Manchester Magistrates Association Branch were awarded a grant of £2,000 by ELMC.

This was to be used for the deployment of Round Midnight Theatre in Education's virtual reality presentation 'Virtual Decisions – Knives' it was stipulated that the two schools involved should be in Bolton and Oldham.

I am happy to confirm that Waterhead Academy in Oldham have had the presentation and we have just secured the presentation for St Catherine's Primary School in Bolton which will be delivered in the next few weeks.

This association is most grateful to ELMC for this support in dealing with the horror of knife crime.
With all best regards & thanks

Paul Brearley JP
Chairman
GM Magistrates Association Branch
